Agency Executive Progress Report

Current Service Performance

Jamestown 2007 is a sub-agency of the Jamestown-Yorktown Foundation (JYF) created in 1997 to plan and implement commemorative events marking the 400th anniversary of the founding of Jamestown, the first permanent English settlement in the Americas. From 1997 through 2004, the agency focused on developing the structure of the commemoration including recruiting volunteer board and committee leadership, conceptualizing the signature events, creating strategies to achieve the goals of the commemoration, forging partnerships with appropriate public and private organizations, seeking corporate sponsorships and building a staffing plan. By the beginning of 2005 a new phase of the commemoration work began with the movement from planning to implementation. Prosody Creative Services was retained through Jamestown 2007's private affiliate to produce the Godspeed Promotional Sail, the Yorktown 225th Anniversary, the National Teach-In and Anniversary Weekend. Other partnerships and consultants have been or are being selected to perform key roles in implementing the other signature events.

Productivity

Jamestown 2007 has a staff of 11 (one position unfilled) and is recruiting for four additional positions in response to an increasing workload as the commemoration nears. This staffing level is significantly under the agency's projected level for the commemoration. Two major Founding Colony Sponsors (Norfolk Southern Corporation and Colonial Williamsburg Foundation) have been recruited and each will invest \$3 million in the commemoration. Talks are active with additional corporations. Forty-seven (47) state and national businesses, educational organizations, professional associations, and public agencies have been recruited as partners for the commemoration. One hundred eighteen (118) communities have been approved as official Jamestown 2007 Communities.

Major Initiatives and Related Progress

The signature events being implemented include, the Godspeed Promotional Sail, the Yorktown 225th Anniversary, the National Teach-In, the England Event, the African-American Event, Anniversary Weekend, Smithsonian/National Capital Events, the American Indian Event, and the Democracy Forum. The JYF special exhibition, "The World of 1607", will feature artifacts from all over the world during the commemorative period, is also being funded.

Jamestown 2007, through its private arm, Jamestown 2007, Inc., has signed a second phase contract with Prosody Creative Services to produce four of the major signature events. Another agreement has begun with Velocity, a national sponsorship sales organization, to serve as sales agent for the commemoration. By Fall 2005, a national public relations/marketing firm will be contracted. Additionally, monthly meetings are held with Virginia Tourism Corporation staff to coordinate promotional efforts.

Customer Trends and Coverage

Over 90% of the Virginia population is included in the 2007 Community Partner Program. One purpose of this endeavor is to spur tourism to Virginia during 2007, thereby increasing customer base. The England Event and Democracy Forum are designed to generate international attention to the commemoration.

Future Direction, Expectations, and Priorities

The next 26 months will be an intense period of production and marketing of commemorative events and recruiting additional sponsorships. Particular concentration areas will be activating the partner organizations and fulfilling sponsorship requirements.
